Experience

INTERNSHIP | 06/2024 - 09/2024

CYTS Investment Holding Ltd. - Shenzhen

- Contributed to the development and maintenance of WeChat mini-programs, public accounts, and PC websites.
- Assisted in implementing front-end features for customer-facing products, such as booking systems, travel itineraries, and interactive maps.
- Gained proficiency in front-end technologies including HTML, CSS, JavaScript, React.js, and Node.js.
- Gained practical knowledge of version control systems (Git).

Academic Projects

Personal Portfolio Website

- Designed and developed a responsive portfolio using **Next.js**, **TypeScript**, and **Tailwind CSS**.
- Highlighted personal projects, skills, and professional experiences with a focus on modern UI/UX principles.

Laravel Chirp App

- Built a web application using **Laravel** with real-time broadcasting capabilities.
- Implemented features for user interaction and dynamic content updates.

Martock Website Redesign

- Redesigned the Martock website using **React**, **Tailwind CSS**, and **Figma** to enhance the user interface and experience.
- Focused on creating a visually appealing and responsive design while ensuring brand consistency.

Basketball Fans Hub

- Built a full-stack web application called "Basketball Player Hub" using Express and React.
- Implemented features to add, edit, and delete player profiles, providing an intuitive interface for managing player data.
- Focused on creating a seamless user experience with efficient backend logic for data manipulation.
